

## Parts List for Spider Blind

1. Tree Strap (1)
2. Spider Legs (6)
3. Ground Stakes (6)

## Assembly Instructions for Spider Blind

1. Remove all parts from the bag
2. Find the tree strap and remove the male end of the side release buckle
3. Find loop end of the Spider legs and slide onto the tree strap. Repeat for remaining legs
4. Replace side release buckle

Note: make sure the narrow side of spider leg is facing away from tree. The ground stake loops on the end of each Spider Leg should face towards the tree when properly set up
